Rebecca et. al.,

Update on MSCA extension funding - my grants office is almost done processing our award. It sounds like it will be completed by the end of this week. As mentioned before, your request is being incrementally funded for both sites, with some money coming now and the balance coming this fall (pending Congressional appropriations, of course).

Finally, your quarterly reports for the past year and a quarter remain outstanding. Please give their completion and submission your highest attention. Thank you!

Rebecca,

I have processed your grant application and have it moving through the system. I expect there will be a gap between the end of the previous project period (6/30/17) and when this one gets awarded, but such "pre-award" costs are allowable with an extension like this.

Similar to Andy with Carson River, the Yerington funding will also be incrementally funded, with about half being awarded now and the remainder in the fall (pending budget approval by HQ).

Finally, as noted in my 5/15/17 email, I have not received your quarterly reports dating back to April 2016. Please submit ASAP!
